

Why do we listen to music?

Kumamoto Kita High School

The main point(要旨)

We researched music's effect through surveys and experiments.

Background(背景)

Our lives are surrounded by music. Music is used for stores' BGM, chimes, lunch broadcasts and so on. There are many music applications. Most people spend money on them.

Purpose(目的)

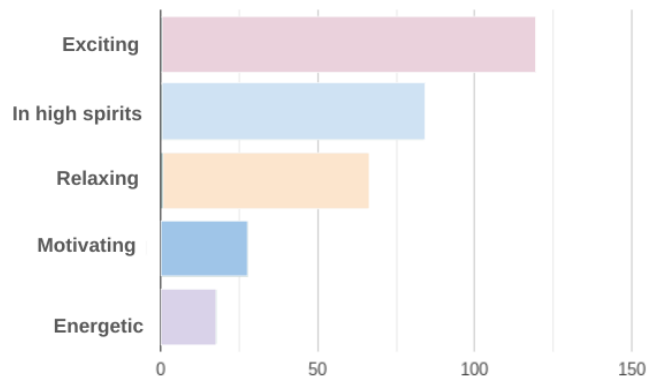

- To find out why people listen to music.
- To do things effectively

How to research(調査研究手法)

- We conducted a survey of Kumamoto Kita High School students.
- What do you do when you are down?
- When do you listen to music?
- What genres do you listen to?
- How do you feel when you listen to music?

Result(結果)

How do you feel when you listen to music ?

Consideration(考察)

First is exciting. Second is in high spirits. Third is relaxing. Music gives us better feelings. We think the reason why people listen to music is to relax.

Conclusion(結論・まとめ)

- The reason why we listen to music is to feel better.

Prospects(展望)

- It was difficult to consider how to research. It is now, too. Tell us advice to improve this research.
- We conducted a survey only of Kita High School students. We want to expand the age range like teachers and our families. We are going to conduct an experiment calculate problems for our family to research that music increase or decrease our ability.
